

REMARKS

The above amendment is submitted together with a request for the deletion of all of the named inventors with the exception of Steven Walkley. Correspondingly, the cancellation of Claims 1-20 and the introduction of Claims 21-35 is being made so that the claims presently on file will be attributeable to Dr. Walkley's sole inventorship. As with the former claims, the present claims are believed to be fully supported within the specification as filed, so that no new matter is entered hereby.

Accordingly, calculation of the filing fees, completion of the filing formalities with the above identified application and an early and favorable action on the merits are believed to be in order, and are courteously solicited.

Respectfully submitted,
